

Use of this system constitutes your agreement to the service conditions in the current FedEx Service Guide, available on fedex.com. FedEx will not be responsible for any claim in excess of \$100 per package, whether the result of loss, damage, delay, non-delivery, misdelivery, or misinformation, unless you declare a higher value, pay an additional charge, document your actual loss and file a timely claim. Limitations found in the current FedEx Service Guide apply. Your right to recover from FedEx for any loss, including intrinsic value of the package, loss of sales, income interest, profit, attorney's fees, costs, and other forms of damage whether direct, incidental, consequential, or special is limited to the greater of \$100 or the authorized declared value. Recovery cannot exceed actual documented loss. Maximum for items of extraordinary value is \$1,000, e.g. jewelry, precious metals, negotiable instruments and other items listed in our Service Guide. Written claims must be filed within strict time limits, see current FedEx Service Guide.

FL Network Transport

April 27, 2016

Charlie Richison
Sarasota County Planning and
Development Services Department
1001 Sarasota Center Blvd.
Sarasota, FL 34240

Dear Mr. Richison:

Please find the enclosed FL Network Transport, LLC's Right-of-Way Use Permit Applications for five (5) proposed new utility infrastructure facilities in Sarasota County, Florida. Along with the attached permit applications, you will also find the construction drawings for each facility.

FL Network Transport, LLC is a public utility company regulated by the Florida Public Service Commission to provide telephone related services, such as facilities based competitive local exchange and interexchange services. To meet the growing demand for connectivity, FL Network Transport, LLC is deploying a hybrid transport network that provides high-speed, high-capacity bandwidth in order to facilitate the next generation of devices and data-driven services. This network can support a variety of technologies and services that require connectivity to the internet, including, but not limited to, driverless and connected vehicles (commercial, personal and agricultural), remote weather stations and mobile service providers. These transport utility poles and facilities are not dedicated to any particular customer, and, to the extent capacity on the structures is available, are available to be used by other entities, including Sarasota County.

Based on our initial research, FL Network Transport, LLC is submitting these applications in accordance with the Provisions of Ordinance 97-051, Road Construction Manual, Land Development Regulations. FL Network Transport, LLC plans to construct the applied for utility infrastructure within the next 18 months and formally requests the County to identify a single point of contact to streamline the application communications for the benefit of both parties.

FL Network Transport, LLC's hybrid transport network is an industry changing approach that seeks to improve backhaul connectivity for the County's residents. We are excited to work with Sarasota County and available to answer questions. If you have questions please contact me at (727) 512-5599.

Thank you for your attention to this matter.

Respectfully submitted,

Michael Nuckols
Permitting Manager

RIGHT OF WAY USE BOND

BOND NO.: 1050025

KNOW ALL MEN BY THESE PRESENTS that we,
* FL Network Transport, LLC - Atlanta, GA 30308, as Principal, and
** The Hanover Insurance Company - 440 Lincoln Street, Worcester, MA 01653, as Surety, are

held and firmly bound unto the Board of County Commissioners of the Sarasota County, Florida, in the sum of Fifteen thousand dollars, (\$15,000) for the payment whereof, well and truly be made, we bind ourselves, our successors assigns.

The condition of this obligation is such that whereas, said Principal is granted a Right-of-Way Use Permit under the Provisions of Ordinance 97-051, Road Construction Technical Manual, [Section C.2.a.3)] Land Development Regulations, (which Ordinance requirements are incorporated herein by this reference) in connection with all work performed or to be performed within the County rights-of-way under said Permit.

Now, therefore, if said Principal shall comply with Ordinance 97-051 as set out above, and repair any damages or injury to the road, highway, drainage, utilities, sidewalks or bicycle path by reason of the exercise of the privileges granted in any instrument creating such license and shall repair said road, highway, drainage, utilities, sidewalks or bicycle paths promptly restoring it to a condition at equal to that which existed immediately prior to the infliction of such damage or injury; shall pay all costs and reasonable attorney's fees incurred by the Board of County Commissioners in the enforcement of this bond; shall hold the said Board of County Commissioners and the members thereof harmless from the payment of any compensation or damages resulting from the exercise of the privileges granted in any instrument creating such license; and shall comply with all provisions in said instrument this bond shall be void; otherwise to remain in full force.

FOR THE PURPOSE OF: Installing a 120' utility pole within the public right-of-way.

ASSOCIATED COUNTY PERMIT NO: (Required if applicable) _____

INSTRUCTIONS

1. The applicant must provide an **original bond (fax copies not accepted)** to Land Development Services in the **minimum** amount of **\$15,000.00** or the **Engineer's estimate**, whichever is greater to assure restoration of the area to original or better condition for work hereby permitted. The acceptable bond form can be found at www.scgov.net. Please contact Mary Stephens at 941-861-6576 for bond information. Class H applications are exempt from bonding.
2. All construction and restoration must meet those requirements determined applicable by Sarasota County before work will be deemed complete and before applicant will be released from said responsibility or posted bond returned.
3. **Three (3) plan copies must be provided with this application.** Plans must show all locations of underground and overhead utilities, culverts, driveways or any other structures in the right-of-way. Typical cross-section showing depth of existing utilities and location of proposed installation must be included. An approved MOT (maintenance of traffic) plan is required for work, material and equipment storage, and employee parking that utilize the "clear zones" at any time.
4. The Land Development Services Inspector MUST be notified at least 24 hours prior to commencement of construction operations.
5. **NOTICE: The Right of Way Use Permit will become invalid on the expiration date noted on the permit. If an extension is necessary, the request, along with a check in the amount of \$100.00 must be submitted 10 days prior to the expiration date or this permit will become invalid and a Stop Work Order may be placed on the project. If a Stop Work Order is issued, a fee in the amount of \$300.00 will be required to have it removed.**

I HEREBY AGREE to all the terms under which the Right of Way Use Permit is issued.
